S1 STANDARD KNOBS

Lever

80101-B

Chrome-plated cast zinc actuator 2.21L x 1.50W x 0.82" H (56.1 x 38.1 x 20.8mm) fits all Cole Hersee lever-actuated Master Disconnect switches.

Plated Brass Knobs

Chrome-plated solid brass, no imprint

8113-10

Face diameter 7/8" (22.2mm), 10-32 thread.

8197-10

Face diameter 3/4" (19.0mm), 10-32 thread.

8106* With Set Screw

Face diameter 7/8" (22.2mm). 8-32 thread tapped set screw hole. Accepts shaft 3/16" (4.8mm) diameter.

81355*

Face diameter 1/2" (12.7mm), 10-32 thread.

Plastic Knobs

Knurled Disk Design

Available with or without imprint.

Cole Hersee stocks many knobs of this type with a wide variety of standard SAE imprints – contact Cole Hersee. Black plastic with textured matte finish. 1 3/16" (30.2mm) face diameter.

81270-508* 10-32, No Imprint

10-32 thread.

81298-03 Headlamp Symbol

10-32 thread. Imprinted with upper beam headlamp symbol.

81298-04* Headlamp Symbol

Accepts 3/16" (4.9mm) diameter shaft. Imprinted with upper beam headlamp symbol.

81298-01* Wiper Symbol

10-32 thread. Imprinted with windshield wiper symbol.

81298-02 Wiper Symbol

Accepts 3/16" (4.9mm) diameter shaft. Imprinted with windshield wiper symbol.

★ Rapid ship item. **BP** Available in retail clamshell pack. ★ Minimum order quantity may apply. Part numbers needed in BOX require a -BX suffix on the purchase order.

81298-34 Wiper-Washer Symbol

Accepts 1/4" (6.4mm) diameter shaft. Imprinted with windshield wiper symbol.

81298-13* 10-32 Temperature

10-32 thread. Imprinted 'Temperature, Hot'

Bar Design

Knobs are without imprint unless specified.

Metal Insert With Set Screw

Face diameter 7/8" (22.2mm).
8-32 thread tapped set screw hole.

**8155-01 Black, 3/16" Shaft**

Accepts 3/16" (4.9mm) diameter shaft.

8166-01* Black, 1/4" Shaft

Accepts 1/4" (6.4mm) diameter shaft

Metal Insert Without Set Screw

Face diameter 7/8" (22.2mm), shaft size 10-32 thread.

**8163-01 Black****8163-02 Ivory****8163-12 Black, Imprinted 'Lights'****Other Designs**

Black. 1" (25.0mm) face diameter. 8-32 thread tapped set screw hole.

1" round design

8138-03* No Imprint

10-32 thread.

8138-06* Imprinted 'Lights'

10-32 thread.

81363 Imprinted 'Wiper'

Imprinted 'Wiper' and with a right to left arrow.
Accepts 3/16" (4.8mm) diameter shaft.

Black. 1 3/16" (30.2mm) face diameter, 10-32 thread.

81260 No Imprint

Flared design

*Black. 1 1/4" (31.8mm) long, 1/4" (6.4mm) diameter shaft.
With set screw. White line on the pointer.*

8145 With Metal Insert

No imprint.

Pointer design

Facenuts

Chrome-plated brass, nickel-plated brass or aluminum.
More facenuts – Section C6.

Brass

83274 For Protection Of Button

Deep design protects the switch button against accidental operation. Round knurl 29/32" (23.0mm) diameter, 9/16" (14.3mm) thickness. 5/8"-32 thread. Chrome-plated brass.

8340 to fit 3/16" Shaft

5/8" (15.9mm) hex, 1/4" (6.4mm) thickness. 3/8"-24 thread to fit 3/16" (4.8mm) shaft. Chrome-plated brass.

8343 to fit 1/4" Shaft

5/8" (15.9mm) hex, 1/4" (6.4mm) thickness. 7/16"-28 thread to fit 1/4" (6.4mm) shaft. Chrome-plated brass.

8304

Round knurl 3/4" (19.0mm) diameter, 1/4" (6.4mm) thickness. 5/8"-32 thread. Chrome-plated brass.

83307 For Toggle Switches

Nickel-plated brass. Round knurl 9/16" (14.3mm) diameter, 1/16" (1.6mm) thickness. 15/32"-32 thread.

Aluminum

8361 7/8" Diameter For Use With Rubber Caps

Round knurl 7/8" (22.2mm) diameter, 17/64" (6.8mm) thickness. 5/8"-32 thread to fit 1/2" (12.7mm) shaft.

Use with snap-on rubber caps 407-01 and 407-03. See Section G6.

8367 1" Diameter

Round knurl 1" (25.0mm) diameter, 19/64" (7.5mm) thickness. 3/4"-20 thread to fit 5/8" (15.9mm) shaft.

See Section C6.
