Information on New Products from Cole Hersee Company

Point-of-Purchase Counter Display

Your customers can't help but touch and operate the switches on this display! Put it on your countertop to show and tell the variety and solid quality of the Cole Hersee items that you carry. And to get the full picture, your customers can view the back of the switches, and take a brochure to learn more.

This compact display shows a broad variety of switches, pilot lights and circuit protection. It features the highly popular 58328 Series snap-in Rocker Switches, and introduces the new 2000 Amp Master Disconnect Switch. You can present a total of 35 individual parts in a countertop space of less than 12" diameter! Colorful three-faced display features a clear door on one side, with a handy 'please take one' brochure holder.

Order SD-38-6: You get the FREE display with one set of assembled merchandise and two sets of stock items.

DISPLAY FEATURES THE NEW 2000A MASTER DISCONNECT SWITCH!

No. 75908

Designed for operation when a high amp draw is necessary, this heavy duty single pole switch safely cuts out the battery circuit. Rated for 2000A intermittent (30 seconds On, 3 minutes Off), or 300A continuous. Fits panels up to 1/4" thick. Matching face plate: 82065-02
Also available from Cole Hersee: 75907 Double Pole 2000A Master Disconnect Switch which disconnects the battery and other circuits such as a generator/alternator.
